If you are presently covered and have been continuously covered without any break under:

(i) an individual health insurance plan with an Indian insurer for the reimbursement of medical costs for in-patient treatment in a hospital, or

(ii) any other similar health insurance plan from us.

Then, pre-existing disease exclusion of the policy shall apply as below:

a) The waiting period of all pre-existing disease shall be reduced by the number of your continuous preceding years of coverage under the previous health insurance policy.

Example, if a disease has a waiting period of 2 years and one year is already completed according to your last policy, then when you renew with us, the Waiting Period will not be 2 years, it will only be 1 year.

b) If the proposed sum insured for you is more than the sum insured applicable under the previous health insurance policy, then the reduced waiting period shall only apply to the extent of the sum insured under the previous health insurance policy.

Example, if you have increased the sum insured by 2 lakhs while renewing your policy, fresh waiting period for pre-existing disease, will be applied to this increased part of sum insured.
